

ScanNCut ANZAC Day Lamp Shade

Materials

- Cardstock – 1 kind
- Thick tracing paper
- LED table lamp (base with a diameter of 17 cm (6.69") or less)
- Glue or double-sided tape

Caution – as card is flammable, do not use a candle or incandescent bulb, illuminate using an LED candle.

Instructions

(1) Cut out parts A through G. Cut F and G from the tracing paper. For F, the same part will be cut from four sheets of paper.

PART A

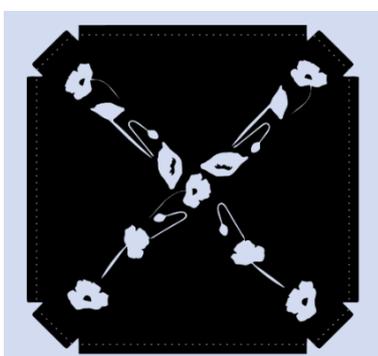

PART B

PART C and D (cut 2)

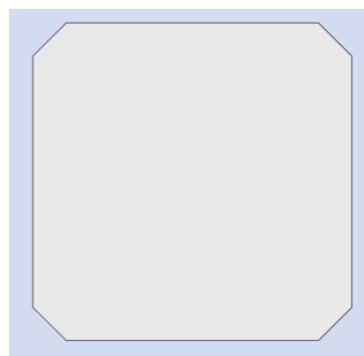

PART E

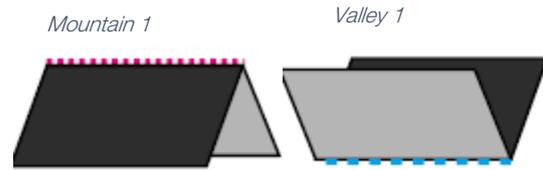

PART F (cut 4)

PART G

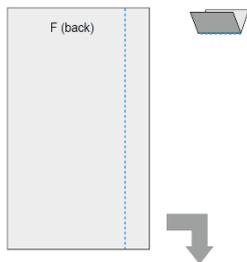

(2) Fold A through E along the dotted lines.
Folds on parts A through D are mountain folds, Folds on part E are valley folds.

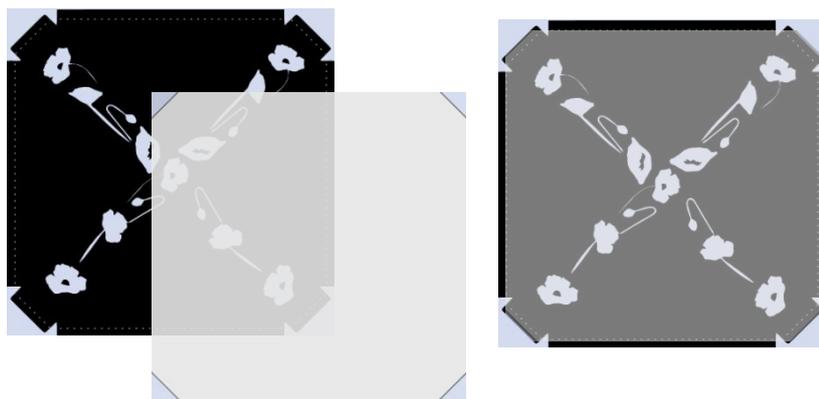

(3) Glue together A through D as shown below.

(4) Fold F along the dotted lines. With the folds aligned, glue to the back of the piece assembled in step (3) as shown.

(5) Glue G to the back of E.

(6) Glue the tabs of the piece assembled in step (4).

(7) Fit the piece assembled in step (5) on top of the piece assembled in step (6), and then fold over and glue the tabs.
